

COMPUTERS

Computers are an essential part of daily life these days, but they can be a bit intimidating at first.

The creation of the Northridge Neighborhood Network Center will not only make enjoying computers and the Internet easier it will also open doors to many activities, and just plain fun.

You'll learn to use the keyboard and mouse, navigate the Windows 10 Operating System, access the Internet and use email, create documents, shop safely online, use a web camera to visit family down the street or across the globe and much more

Looking for Employment please contact the Office of Economic and Workforce Development 1099 Sunnysdale Avenue SF CA Host Monthly Job Fairs . Stop by or call (415) 239-8705 to find out about the Current Job Openings
